"Quality & Service that you can depend on!"

Ten years and growing...

Thanks to our loyal customers, and vendors who believe in customer service & quality products.

Developing products that give our customers an edge in the tough exhaust market.

New equipment, larger inventories and added phone lines all help with our dedication to customer service.

Direct Fit Pipes, Flex, Muffler Straps, Spring Kits and much much more...

Now celebrating our 10th Anniversary

Exhaust Direct continues to position itself at the forefront of our industry. Along with the Business of the Month Award in London, Exhaust Direct has been nominated for the 2007 London Business of the Year Award; our second nomination in three years.

Quality Manufacturing

We pride ourselves on the quality of our products. EXD uses OE flanges on the majority of our front pipes. We also use heavier gauge steel on our pipes, straps, and brackets to ensure the quality of our products.

Dedicated Service

Our friendly & knowledgeable staff is dedicated to helping you with your full exhaust needs.

2355 Scanlan St, London, ON N5W 6G9 - Toll Free: (888)-544-2222
